All ergonomically formed professional barber shears are equipped with razor edges & finished according to highest standards.

Made of Japanese stainless steel J/2 - 420, HRC (hardness) 52° - 55°
Also available in 440c, HRC (hardness) 60° - 65°

Available in adjustable 7 hand adjustable screws with & without leaf spring.

The shears are measured from tip to end of the finger ring. The measurements do not include the finger rests. If you include the finger rest, add 1/2" to the shear length.
